Summary

Seeking a beginner role to enhance and explore my technical knowledge gained at Gujarat Technological University in the last Four years. I hold a B.E degree from the Apollo Institute of engineering and technology.

Internship

eSellerhub | Ahmedabad, Gujarat
Jr. Java Developer | 01/2023
In the company, I work on different pages.

I build different fundamentals of java to produce that effect.

Connect a database and connect the server to the site etc...

I work on JSP files and servlet controller there.

Currently, I work on a project called Doctor finder.

Quantaum learnings | Ahmedabad, Gujarat
Jr. Java Developer | 10/2022 - 01/2023
In this I work as trainee.

there I learn a lot of things like basic concept of java.

Core java after that database connection etc...

Skills

C Programming, Core java, Advance Java, MySql, Database, JDBC, HTML, CSS, JSP
